0

Prepare the square

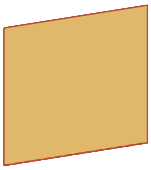

1

Fold left to right

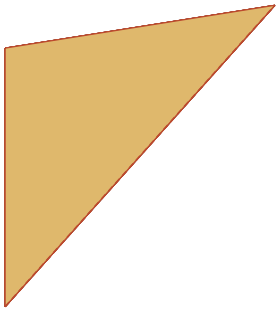

2

Fold bottom to top

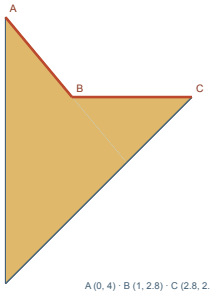

3

Make the eight-layer triangle

4

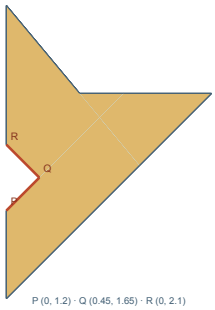

Cut the outer valley

A (0, 4) · B (1, 2.8) · C (2.8, 2.8)
(across, up) inches from the center tip

5

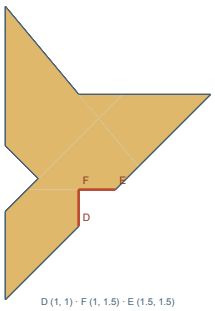

Cut the straight-edge window

P (0, 1.2) · Q (0.45, 1.65) · R (0, 2.1)
(across, up) inches from the center tip

6

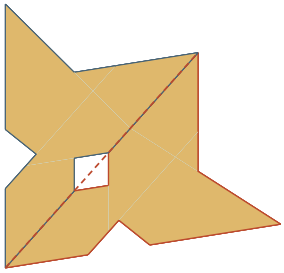

Cut the diagonal-edge window

D (1, 1) · F (1, 1.5) · E (1.5, 1.5)
(across, up) inches from the center tip

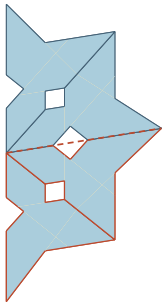

7

Open the diagonal fold

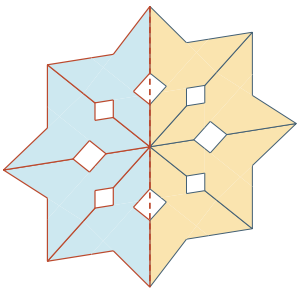

8

Open the horizontal fold

9

Open the final fold

10

Flatten and display
